# All the Stars and Teeth

By Adalyn Grace

## All The Stars Lyrics

Set in a kingdom where danger lurks beneath the sea, mermaids seek vengeance with song, and magic is a choice.

All the Stars and Teeth

# All The Stars And Teeth

She will reign.

## All The Stars Are Closer Lyrics

As princess of the island kingdom Visidia, Amora Montara has spent her entire life training to be High Animancer—the master of souls. The rest of the realm can choose their magic, but for Amora, it’s never been a choice. To secure her place as heir to the throne, she must prove her mastery of the monarchy’s dangerous soul magic.

## All The Stars And Teeth Epub

When her demonstration goes awry, Amora is forced to flee. She strikes a deal with Bastian, a mysterious pirate: he'll help her prove she's fit to rule, if she'll help him reclaim his stolen magic.

## All The Stars Ed Sheeran Lyrics

But sailing the kingdom holds more wonder and more peril than Amora anticipated. A destructive new magic is on the rise, and if Amora is to conquer it, she'll need to face legendary monsters, cross paths with vengeful mermaids, and deal with a stow-away she never expected, or risk the fate of Visidia and lose the crown forever.

## All The Stars Ed Sheeran

I am the right choice. The only choice. And I will protect my kingdom.

THIS BOOK YOU GUYS

I was lucky enough to read an early draft of this book because the and i LOVED IT

Picture Furiosa from Mad Max: Fury Road leading her own Pirates Of The Carribean Ship

This epic sea adventure empowering as hell, exciting, bloody, and it takes no prisoners! It's also powerful--there are parts of this books that gave me goosebumps.

I can't WAIT to read the final draft and then I can't wait for everyone else to read it so we can geek out about it together!!

## All The Stars Chords

finally! a new YA fantasy release that i actually found to be entirely enjoyable. 2020 is finally looking up!

yes, its full of tropes and predictable material, but THE ADVENTURE! its fun, its fresh, its exciting. the entire journey of the story is what kept me hooked. it made me long for a life where i sail the seven seas, and i hate the ocean, so thats saying something. lol. with mermaids, pirates, legendary sea monsters, and blood magic, there is never a dull moment. yes, the adventure could be finally! a new YA fantasy release that i actually found to be entirely enjoyable. 2020 is finally looking up!

yes, its full of tropes and predictable material, but THE ADVENTURE! its fun, its fresh, its exciting. the entire journey of the story is what kept me hooked. it made me long for a life where i sail the seven seas, and i hate the ocean, so thats saying something. lol. with mermaids, pirates, legendary sea monsters, and blood magic, there is never a dull moment. yes, the adventure could be a little more intense and emotionally charged, considering an entire kingdom is in danger, but the great pacing and entertaining characters make up for it.

overall, im decently impressed with this debut. quite a bit of the story is resolved by the end, so im interested to see where the sequel takes this!

Holy shit ass snacks!. Wait, let me show you the pretty cover that came in my Owlcrate box!

Okay, holy shit ass snacks!! I thought I was falling off the rail with ya books but this book kicked ass! And to think, I was going to dnf this book because the beginning was all like: a princess, shes not allowed to do shit, put her in a damn dress when she wants to be included in more important things, make her do some dumbass magic ceremony to prove her worth. Yada yada.

But hell to the no!! I thought Holy shit ass snacks!. Wait, let me show you the pretty cover that came in my Owlcrate box!

Yada yada.

## All The Stars Song

I love pirates, but have been let down with a lot of the pirate-type books! However, here is one that totally changed my mind! I'll also add that the cover is one of my favorites of the year!

Amora was pretty freaking awesome! I easily connected with her and what she was going through and had to face! Then there were the boys! I loved Bastian and Ferrick, especially Bastion, though! And Vataea has my heart! She was vicious and lovable at the same time! The bond between the crew was one that I

Amora was pretty freaking awesome! I easily connected with her and what she was going through and had to face! Then there were the boys! I loved Bastian and Ferrick, especially Bastion, though! And Vataea has my heart! She was vicious and lovable at the same time! The bond between the crew was one that I would want to truly be a part of.

All I want in my life right now is to set sail on Keel Haul—that's the ship, by the way! The author put a whole unique spin on the pirate life with wonderful and vivid descriptions that had me captivated from one. Now, give me all the bones and all the magic, and I'm seriously excited for book 2! ...more

December 14th Edit

Pre order links and tour information is available! We're running a pre order campaign, as well, where you can get a signed bookplate and enamel pin. You can also get a beautiful art print when ordered through Mysterious Galaxy.

--CONTENT WARNINGS--

Now that ARCs are beginning to circulate, I also wanted to hop on here and talk about some of the content warnings in this book. Skip now, if you don't want to read them:

--CONTENT WARNINGS--

Now that ARCs are beginning to circulate, I also wanted to hop on here and talk about some of the content warnings in this book. Skip now, if you don't want to read them:

Violence and Death: There are 7 main forms of magic in this book. One of the most commonly used ones is violent in nature, requiring blood/skin/bones, or other parts of the body. The methods to obtain these are often violent and sometimes torturous in nature. There's a blanket statement on this book for on-page graphic violence, blood, and murder.

There are several character deaths throughout the novel. One of these deaths is death by suicide.

There is self injury (fingernails digging into the palms to the point of blood) in chapter 31

There is a brief moment of animal abuse (no animal death) in chapter 29.

Sexual Assault:

A character mentions past attempted sexual assault in chapter 19.

Abusive Relationship:

There is a severely toxic relationship that portrays emotional and physical abuse (gripping too tightly/fingers digging into skin) in chapter 29.

Drinking:

There is on page drinking as well of mentions of alcohol throughout the novel.

Please read only the material you're comfortable with &lt;3

----

I wrote this, so I'm definitely going to go ahead and mark this as read for my goodreads challenge.

I'm a little biased, but this book is pretty cool and I think you'll like it. More to come, soon! ...more

## All The Stars Remix

### 3.25 YA Fantasy Stars

I am not really into the pirate genre...or books about ships...or YA fantasy as much lately, if I'm truly honest...and yet something about this blurb intrigued me when I got my Book of the Month picks for February.

I told myself I could only buy more YA books if I read any new ones right away and started to make some headway with the scores already completely littering my shelves. So here we are.

I thought this was a really solid start to a new YA fantasy series. I trudged 3.25 YA Fantasy Stars

I am not really into the pirate genre...or books about ships...or YA fantasy as much lately, if I'm truly honest...and yet something about this blurb intrigued me when I got my Book of the Month picks for February.

I told myself I could only buy more YA books if I read any new ones right away and started to make some headway with the scores already completely littering my shelves. So here we are.

I thought this was a really solid start to a new YA fantasy series. I trudged through the first part a bit (I think the first 50% took me over a week to read), but that's typical of first-in-series fantasy books where the author is busy building worlds and magic systems, etc. Things really started to pick up once I hit the halfway point though and I ended up finishing it in one sitting.

I really liked the magic systems used here. I wouldn't say they are wholly original or mind-blowing by any means, but they also didn't feel like complete carbon copies of all the other fantasy systems out there. I especially enjoyed the darker nature of Amora's magic. Because blood and stabby-ness always make this girl's day.

There were some minor twists that I saw coming and some that were mildly surprising. I do wish some of the characters has been a little more developed. But all in all, a really solid start and I will be picking up book two whenever it comes out. ...more

I am Amora Montara, Princess of Visidia, and I will be the future High Animancer. I am the right choice. The only choice. And I will protect my kingdom.

This book is full of MAGNIFICENT characters and DANGEROUS adventures. I enjoyed reading the heck out of it. However, its also just like any other typical YA fantasy bookswhich Im not gonna lie, the whole gig is getting a little too old for me. Im not about to put words in your mouth and tell you not to read it because if youre in for some

“I am Amora Montara, Princess of Visidia, and I will be the future High Animancer. I am the right choice. The only choice. And I will protect my kingdom.”

This book is full of MAGNIFICENT characters and DANGEROUS adventures. I enjoyed reading the heck out of it. However, it’s also just like any other typical YA fantasy books—which I’m not gonna lie, the whole gig is getting a little too old for me. I’m not about to put words in your mouth and tell you not to read it because if you’re in for some fun, I think this book certainly delivers. Just don’t go in expecting something extraordinary.

Amora is forced to flee her kingdom after she fails her test in becoming the High Animancer. Desperate for a second chance, she agrees to an alliance with a mysterious pirate and goes on a mission that’ll help prove she’s fit to rule.

First and foremost, my appreciation goes to the author for making my dreams come true with this magical tale of pirates, mermaids and princesses, curses and treachery. I LOVE SEA BOOKS and authors don’t make enough of them to keep me sated. The only thing this book lacks is grit and intensity—which I’ve decided that this is a preference issue and not the book’s fault.

Don’t get me wrong, this book is bloody and action packed. You can’t go braving the open sea and saving a kingdom from a certain doom while being a fugitive without once having to spill some lives in the process. It’s just that despite all the minacious situations our characters have to get themselves out of, I never really felt the adrenaline rush. There were scenes where I should’ve felt mortified, disgusted, or scared, but I just didn’t.

“We’ve shared an experience only a few people will understand, and it’s marked our souls. The sea is a beast more fearsome than even the lusca.”

The characters are well written. There are no better crew members to lead you on a sailing quest than a charming pirate, a vicious yet lovely mermaid, a loyal protective healer, and a strong determined princess. For some reason though, while I can recognize that our heroine has some great qualities, I couldn’t fully root for her in the beginning. She treats her fiance like he’s some dirt under her shoe. I understand her frustration, but at the very least she could treat him like a friend.

“Are you flirting with me?” he teases. “It’s a bit hard to tell, considering how terrifying you are.”

The romance has a nice dynamic that’s completely separate from other elements of the story. I mean, it’s not the focal point but it has its moments. The banter is absolutely amusing. Sometimes during what’s supposed to be a heartfelt scene, the dialogues come across as sweet but also a little cheesy. There’s some twist at the end that’ll surely complicate this romantic relationship in the next book. There’s a possibility of a new pairing as well.

This book also incorporates topics such as menstruation, sexism, sexual assault, and abusive relationship into the story. Those are some big heavy words. While someâ€”the primary target audience of this bookâ€”can maybe feel the empowerment, they are neither hard hitting nor impactful for me. I acknowledge the sentiment nonetheless. Itâ€™s appreciable to have those kinds of discussions in YA books.

â€œFear is part of life; all that matters is what we do with it.â€•

All in all, this is not a bad debut book by any means. The characters, the plot, the world building, and the romance are solid. The pacing is steady, albeit the writing is fairly simplistic. Thereâ€™s a predictability in some of the twists, but this book is otherwise enjoyable to read. Personally, Iâ€™m just neither disappointed nor blown away by this as Iâ€™ve tasted this recipe too many times and I feel like this book offers nothing particularly special. ...more
