

The background features a complex network of white circular nodes connected by thin purple lines. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and quadrilaterals. The overall aesthetic is modern and digital, set against a gradient background that transitions from a deep purple at the top to a bright pink at the bottom.

## Ember Queen Epub

The thrilling conclusion to the series that began with the instant New York Times bestseller *Æmade* for fans of Victoria Aveyard and Sabaa Tahir (Bustle), *Ember Queen* is an epic fantasy about a throne cruelly stolen and a girl who must fight to take it back for her people.

## Ember Queen Pdf

Princess Theodosia was a prisoner in her own country for a decade. Renamed the Ash Princess, she endured relentless abuse and ridicule from the Kaiser and his court. But though she wore a crown of ashes, there is fire in Theo's blood. As the rightful heir to the Astrean crown, it runs in her veins. And if she learned nothing else from her mother, she learned that a Queen never cowers.

Now free, with a misfit army of rebels to back her, Theo must liberate her enslaved people and face a terrifying new enemy: the new Kaiserin. Imbued with a magic no one understands, the Kaiserin is determined to burn down anyone and everything in her way.

## Ember Queen Summary

The Kaiserin's strange power is growing stronger, and with Prinz Soren as her hostage, there is more at stake than ever. Theo must learn to embrace her own power if she has any hope of standing against the girl she once called her heart's sister.

A fantastic end to an amazing trilogy! I never expected to fall in love with this story, these characters, and this world as much as I did. Of all the YA fantasy series I've read over the past year, this is the finale I looked forward to the most, and it definitely delivered.

Laura Sebastian continues to use this story to explore thought-provoking topics echoed throughout the trilogy, including morality in times of war and the idea that no person can be categorized simply as good or evil. Theo is my resilient, fierce queen who reclaims her power and finds her voice with the help of the most lovable entourage you could ask for in a supporting YA cast.

Magic, sword fights, romance, deep friendships, cliffhangers, a complex villain, a heroine that makes you want to cheer out loud... this trilogy has it all.

By no means was this book perfect, as some of the plot in Ember Queen was predictable and there were a couple of (smaller) loose ends I would've liked to have seen tied up; however, these elements were easy to overlook with what this book accomplished regarding characters, worldbuilding, story, stakes, and just...pretty much everything. I will miss Theo and her crew, but it comforts me to know I can always go back and reread her story in the hopes of learning something new and falling more in love with the series every time. ...more

## Ember Queen Review

This is a trilogy I have really enjoyed and overall I would give the whole thing 4 stars. HOWEVER, I can also admit that it also isn't bringing anything new to the table. There's a love triangle, a final battle, triumphs and defeats, and some loss. I can't even say for sure what stands out about this series to me, except that I liked it. I found the main character compelling, as well as her relationship with the big bad of the series (though I wish it had been a bit more developed). I liked her

There's a love triangle, a final battle, triumphs and defeats, and some loss. I can't even say for sure what stands out about this series to me, except that I liked it. I found the main character compelling, as well as her relationship with the big bad of the series (though I wish it had been a bit more developed). I liked her inner voice, and the people she surrounded herself with were at their most developed here. I didn't mind where the romance ended, though personally I never felt like she had strong romantic chemistry with either character. There were a couple scenes in the book where I was incredibly stressed about how they were going to come out. In the end, though, while I enjoyed this series I can also admit it didn't really bring anything new to the table. But if you haven't read anything else like this, which I really haven't (no Ember in the Ashes, or Red Queen, or Throne of Glass, or countless others), you will probably find it entertaining. Groundbreaking? No? Something I will read again? Hard to say. Entertaining? Engrossing? Absolutely. ...more

Actual rating: 3.5 stars.

This one was my least favorite of the series. It wasn't a bad ending or a bad book, but I felt it was a little lackluster for a series finale. Theo got on my nerves a lot because she just felt like she was trying so hard to be a martyr... or just like she blamed herself so much that it got really annoying. I just felt a little let down, I guess. I will say that these covers are so gorgeous!

"This throne is mine, and mine alone, and I am no longer afraid of it."

OMG!! I can't believe I finished these series! It is so pure and magical and I definitely know that I'll read them again and again) Many Thanks Laura Sebastian! I had a wonderful journey!

As a finale, this was a bit underwhelming. While not bad per se, it just didn't feel all that gripping, and was far too predictable..
