

The background features a complex network of white nodes connected by thin white lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and quadrilaterals. The overall aesthetic is modern and digital.

Dead to Her

Dead to Her

By Sarah Pinborough

Dead To Her Book Review

For fans of Liane Moriarty, Liv Constantine and Lisa Jewell, a twisty psychological thriller about a savvy second wife who will do almost anything to come out on top from the New York Times bestselling author of Behind Her Eyes.

Dead to Her

Dead To Her Sarah Pinborough Epub

Being the second wife can be murder . . .

Dead To Her Amazon

“Once a cheat, always a cheat,” they say. Marcie Maddox has worked hard to get where she is after the illicit affair that started her new life a few years ago. But her world of country clubs, yachts and sumptuous houses in Savannah, Georgia, isn’t easy to maintain, no matter how hard she tries. Nor is keeping her husband, Jason, truly interested.

Dead To Her Kirkus

So, when Jason's boss brings home a hot new wife from his trip to London, the young Mrs William Radford IV isn't quite the souvenir everyone expected. Sexy, drop-dead gorgeous and black"Keisha quickly usurps Marcie's place as the beautiful second wife. But when Marcie sees the extra spark in the room when Keisha and Jason are together and their obvious, magnetic attraction, the gloves come off.

Dead To Her Spoilers

Revenge is best served cold, but in the steamy Savannah heat, blood runs so hot that this summer it might just boil over into murder.

WTH! My mind is spinning so hard! Did somebody hit me with a brick or a flower pot hit me in the head as I was passing through? Why I am seeing stars and wishing on a star plays in my head, I don't listen to KPop and BTS (Taking it back ! I loved their collaboration with Halsey) This is a freaking train ride that you cannot climb out or you don't want to! If you cannot handle all those twists, surprises, more twists (oh no I don't want to vomit but my stomach really churns! So much UTURNS and WTH! My mind is spinning so hard! Did somebody hit me with a brick or a flower pot hit me in the head as I was passing through? Why I am seeing stars and "wishing on a star" plays in my head, I don't listen to KPop and BTS (Taking it back ! I loved their collaboration with Halsey) This is a freaking train ride that you cannot climb out or you don't want to! If you cannot handle all those twists, surprises, more twists (oh no I don't want to vomit but my stomach really churns! So much UTURNS and ups-downs, don't believe any explanations of the author, she tricks you so bad!) this is not the book for you! I'm so overwhelmed so need a real good sleep after all those brain cells' break dance. I burned so much mental calories so I need too many glasses of wine for my blood sugar balance!

I read a few books of the author. I liked some of them but I think the ending of "Behind Her Eyes" a little (Taking it back, it made me wooahhh what the hell, what kind of twist is this kind of shocked and truly frustrated!) disturbing for my taste. But thankfully I cannot say the same for the ending of this book because IT'S SO SURPRISINGLY SATISFYING AND MADE ME GRIN TOO MUCH!

So firstly, let's take a quick look of the story of the book: Marcie Maddox marries for the second time and engages with her new social circle but her secure position changes the day their widower friend brings his new, probably trophy wife Keisha who is her early 20's, beautiful, sexy and the worst part of it, she takes the full attention of Marcie's husband Jason. So what is gonna happen? Will Marcie do anything to pretend his husband's probable affair attempts? Will she sharpen her blades to go to the war?

I cannot say any other word because any of my explanation about the book will mean more spoilers and ruining your reading. Because this is not simple page turner, whodunit book! The identity of "dunit" will make your eyes, mouth and several organs widen i• Š))

This is steamy, capturing, unputdownable, tricky book with delicious, mysterious, entertaining progression, good characterization and perfect conclusion. Lies, secrets, betrayals, back-stabbing, new era's Dallas meets Dynasty kind of tricks, schemes and voila we have a really great thriller in our hands.

So I had great, enjoyable time and thankfully the conclusion about this book was not illogical or

Dead to Her

disappointing.

Special thanks to NetGalley and William Morrow to choose me to send this ARC COPY in exchange my honest reviews. It was hell of a crazy train ride and I enjoyed every page of it! ...more

Dead To Her Sarah Pinborough Spoilers

I think I've come to the conclusion that I'm just not compatible with the author's books anymore. Please read this one for yourself, because you may enjoy it much more than I did!

*Many thanks to the publisher for providing my review copy.

Well, well, well, what a tangled web we weave.....

Go in as blind as you can! That's the best advice I can give for those who want to read this book. I requested this book simply because I loved *Behind Her Eyes* by Pinborough. I had no idea what the book was going to be about.

The basic gist from the synopsis is that beautiful Marcie Maddox knows what it is like to be the second wife, who now has a secure place in their social circle. But when their friend, William, a recent widower brings home a Well, well, well, what a tangled web we weave.....

Go in as blind as you can! That's the best advice I can give for those who want to read this book. I requested this book simply because I loved *Behind Her Eyes* by Pinborough. I had no idea what the book was going to be about.

The basic gist from the synopsis is that beautiful Marcie Maddox knows what it is like to be the second wife, who now has a secure place in their social circle. But when their friend, William, a recent widower brings home a new wife after a whirlwind romance in London, their circle is shocked and Marcie feels jealous when she witnesses the attention her handsome husband is giving to Keisha, the new wife.

That's all folks. What I will tell you is that this book took me by surprise and was very entertaining. Just when I thought I had things figured out, Pinborough, changed things up a little. There are some twists, turns, and revelations. And after all of those, she isn't done yet. Just when I thought the final reveal was shown, she surprised me yet again.

This book has it all, the perfect hot steamy setting of Savannah, sexy beautiful people, lies, deceit, secrets, betrayal and mysterious characters. Most of the characters fall into the likable one minute unlikeable in the next because their motivation is never quite clear. Some characters seem pretty transparent, but as I read further, I began to doubt what I thought I knew. Oh, how I love books that keep me guessing. Of course, there are some who just seem questionable from the get-go.

A very entertaining, engaging and captivating book.

Thank you to William Morrow and NetGalley and Edelweiss who both provided me with a copy of this book in exchange for an honest review. All the thoughts and opinions are my own. ...more

2.5 STARS

I couldn't wait to start this newest release by the author the wrote Behind Her Eyes, which was one of my favorite thrillers in 2017.

The first half of the book was intriguing and I wanted to find out more about Keisha, who has recently married the wealthy, and older William Radford IV. She isn't the only trophy wife in town who has recently landed a wealthy hubbie though, Marcie is now Mrs. Jason Maddox and living her best life.

When these two women meet, the past, the secrets and their 2.5 STARS

The first half of the book was intriguing and I wanted to find out more about Keisha, who has recently married the wealthy, and older William Radford IV. She isn't the only trophy wife in town who has recently landed a wealthy hubbie though, Marcie is now Mrs. Jason Maddox and living her best life.

When these two women meet, the past, the secrets and their insecurities threaten to bring someone down, but who?

I was into this one until the weird voodoo/black magic plot line made its way into the story. Suddenly the domestic drama turned into an unbelievable, quite insane and confusing ride with the most dreadful characters I've encountered in a while. Just couldn't get on board this train.

Sadly, this one wasn't the thriller I hoped it would be.

Thanks to NG/pub. for the review copy ...more

I was really looking forward to this book. I have heard so much about this author, I actually have her other books and haven't read them yet. I couldn't wait to dig into this one. This is going to be a weird review for me, I had so many different "feels" on this one. I can literally break it down into sections....

The first 25% I am really liking it...I am thinking that this is the foundation for a great thriller. The older rich man snagging a younger poor wife. The country club all in a tizzy I was really looking forward to this book. I have heard so much about this author, I actually have her other books and haven't read them yet. I couldn't wait to dig into this one. This is going to be a weird review for me, I had so many different "feels" on this one. I can literally break it down into sections....

Dead to Her

The first 25% I am really liking it...I am thinking that this is the foundation for a great thriller. The older rich man snagging a younger poor wife. The country club all in a tizzy and gossiping. A potential affair in the making...yes! I was reeled in and ready...

Then the middle...the next 50%...I started to wonder..hmm should I DNF this? What is the plot? Is the plot sex? It read more like a steamy, romance novel (which is not what I was bargaining for when I picked this up). People were having sex- here, there and everywhere! Yeah not for me...I want the "killer thriller".

Then the last 25% well...things start getting more interesting..and then the last couple chapters, I am thinking YES! This is what I expected, full on thriller, twisted, evil...YES!! Except I had to wait for about 90% of the book to get to this point.

Honestly this is just my opinion. I have seen some great reviews out there. Just not my kind of read. If I could just rate the last couple of chapters, well they were 5 star worthy for sure.

Thank you so very much to Harper Collins for this ARC. ...more

Dead to Her

Dead To Her Audiobook

****3.5-stars****

Marcie has firmly established herself as the hot, younger second wife to successful husband, Jason Maddox.

In their posh Savannah community, replete with sumptuous mansions and a country club lifestyle, image is everything.

Marcie appears to have it all and she feels that way...most days.

The older, blue blooded women they socialize with have come to accept her and include her in their luncheons and tennis dates, but Marcie can't help but feel like a second class citizen around them.

Marcie has firmly established herself as the hot, younger second wife to successful husband, Jason Maddox.

In their posh Savannah community, replete with sumptuous mansions and a country club lifestyle, image is everything.

Marcie appears to have it all and she feels that way...most days.

The older, blue blooded women they socialize with have come to accept her and include her in their luncheons and tennis dates, but Marcie can't help but feel like a second class citizen around them.

Her upbringing was far from the life she enjoys now and she continues to keep the truth of all that behind her.

When Jason's boss, the wealthy, recently widowed, William Radford IV, returns from a trip to London with a much younger, sexy as hell, second wife on his arm, the whole of Savannah society gets thrown for a loop.

Dead to Her

Especially Marcie.

She's no longer the youngest, or the most supple for that matter. The way Jason devours the new Mrs. Radford, Keisha, with his eyes, makes Marcie's skin crawl.

Keisha is brazen in a way that would be refreshing if it wasn't so shocking to their social norms.

The way she plays housewife to the old coot, while also being sure to flirt with Marcie's husband, what exactly is she playing at?

After Jason asks her to befriend Keisha, Marcie learns a lot more about the girl than she bargained for!

The ladies quickly become two peas in a pod, but their friendship soon threatens everything Marcie has worked so hard for.

Full of secrets, deceptions and a touch of Southern voodoo and superstitions, this book had me flipping the pages at a rate to set my fingers on fire!

This was unique, full of unlikable characters and drama fit perfectly for daytime programming. I feel like this could be a month's run of General Hospital. Is that show still on?

While I had a ton of fun reading this, I can see how it might not work for everyone.

I wasn't satisfied with the ending at all. In fact, I kind of hated it, but things can't always work out how we would choose.

I will definitely remember this one though, that's for sure.

Thank you so much to the publisher, William Morrow Books, for providing me with a copy to read and review. I appreciate it so much!

Dead to Her

...more

I read Behind Her Eyes and I was one of those people that was not shocked by the unbelievable twist because the unbelievable twist was completely ridiculous to me. I remember turning the last page and feeling so unsatisfied.

So maybe it's my own fault that I requested this book knowing how I felt about her last one. This book, again, was a huge disappointment for me.

Unlikable wealthy people, gold diggers, unnecessary & cringe worthy sex scenes, and voodoo = My head hurts.

Sarah Pinborough I read Behind Her Eyes and I was one of those people that was not shocked by the unbelievable twist because the unbelievable twist was completely ridiculous to me. I remember turning the last page and feeling so unsatisfied.

Dead to Her

Dead To Her A Novel By Sarah Pinborough

On the oof meter this book would be on the oooooooooof end. Like a run-out-of-breath type oof. The oofiest of all the oofs.

Ok let's start out with the Pros:

And now to the Cons:

The plot is sloppy

Utterly undeveloped and unlikable characters

No thrills

No chills

No mystery

Sex scenes that make EL James look like a Booker Prize winner

Next.

** Thank you to the publisher for an ARC in exchange for an honest review **

Dead to Her is my first book from author, Sarah Pinborough, and what a wild ride. Its all about being a second wife to a man who has cheated before. Marcie is the cheatee, so she has an idea about her husband, Jason.

Marcie and Jason had an illicit affair to start their relationship that now involves yacht clubs and lush verandahs in Savannah, Georgia. Its been challenging for Marcie to keep Jason invested in their relationship.

Jason's boss then brings home a new second wife all the way from London. Dead to Her is my first book from author, Sarah Pinborough, and what a wild ride. It's all about being a second wife to a man who has cheated before. Marcie is the "cheatee," so she has an idea about her husband, Jason.

Marcie and Jason had an illicit affair to start their relationship that now involves yacht clubs and lush verandahs in Savannah, Georgia. It's been challenging for Marcie to keep Jason invested in their relationship.

Jason's boss then brings home a "new" second wife all the way from London, and Jason appears to be attracted to her, and she to him, all while Marcie is watching.

And Marcie's not one to be taken, so she's going to act before she loses all she's worked for.

Dead to Her

Dead to Her is a drama-filled, juicy page-turner. It made my mind spin. I loved the Savannah setting. It added a richness to the story. There's a ton of unlikability here, so be warned. The characters are rich and pompous at times. There are also some twists and turns I can see working for some and not for others.

Overall, I found it highly entertaining, so it paid off for me!

I received a gifted book. All opinions are my own.
